## Story of Daedeok Hanbit Church Awana Club

DaeDeok Hanbit Church has been enjoyed Awana within the love of God. We are getting to know about the importance of His Words which give us the light of life by memorizing His Words.

DaeDeok Hanbit Church Awana is consisted of Sparks and T&T. Sparks is started at 3:30 and T&T starts at 7:00 on Fridays.

*Shalom! Spring just comes with the full of beautiful flowers.*

I'm a youth pastor, Byung-Min Park, who serves in this DaeDuck Hanbit Church Awana.

Since I came to this church as a missionary, I have started to take on Awana. Really absurd name to me at first AWANA! When I heard 'Awana' at first what came to my mind was 'what are they doing in here?'. I acquiesced with Awana when I started to serve in this church and also took care of this program for the very first time. However, the more getting to know Awana program, the more I feel better about the Awana.

DaeDeok Hanbit Church Awana started in 2005 and still manages well up to now. It was really amazing and appealing that little children learn God's words, but also at the same time they develop their physical abilities via many variety fun games. I liked that Awana emphasizes on the memorization of words, especially, during this era when the power of his words has been weaker and weaker compared to His Kingdom era.

You don't dare to say without seeing and feeling the bright eyes of children from Sparks to T&T. Watching the children playing hard and memorizing God's words hard enough to keep them in their minds make me feel much smaller in front of God. I question to myself, 'I am a missionary. But, how much do I memorize his words?' I feel that I need to be the first one who has to stand in front of God with strongly holding his word in order to not be ashamed worker. So every Friday, I have prepared the sermon and memorized at least one line before preparing the sermon.

Our DaeDeok Hanbit church Awana is ordinary Awana. We are not that eager to win the 'AwanaGames' or 'Bible quiz day' by preparing so hard for those like other churches. However, it the club that all the children who came to our Awana could have lots of fun and laugh. Moreover, every single teacher prepares to teach with praying that memorization is not just recitation but, would blossom in children's real life.

Beloved every God's family, Hope everyone to pray for Daedeok Hanbit Awana that all the teachers and children would enjoy Awana club in graceful God's words. I hope that Awana would be the benedictional path leading our children who would be the leaders in the next generation to live in his words.
